

Extending Performance

TRESU VacSeal

TRESU distributes a complete portfolio of end seals matching each and every application in coating and printing.

Based on more than 40 years of working with, developing, and supplying end seals to printing and coating applications all over the world, we have accumulated the knowledge and experience to help you avoid unnecessary downtime and repeat your high quality printing and coating - year in, year out.

VacSeal advantages:

- Narrow web and reservoir chambers
- Suitable for most applications, substrates and speeds
- Often used in offset
- Good sealing ability
- Pressurized chambers
- Also used for wider containment blades.
